Partner Agencies

In order to ensure you have well trained chefs, nannies, butlers, drivers and more- we work with some of the best partners in India and across the world.

Prepayment

To initiate a search query, a basic fee of INR 17,700 (inclusive of GST) is applicable for domestic placements, and EUR 300 for international placements, charged by the partner agencies.

Additionally, upon successful hiring, a placement fee equivalent to 1 to 1.5 months' salary of the selected candidate is payable directly to the agency.

Professional Staff

We work with partners who offer specialised staff. That means these people do not offer cross role support. Eg- A chef who cooks, cleans and sometimes helps with household work is not what we offer

Pricing

Salaries range INR 50,000 and upwards for house staff, INR 75,000 and upwards for chefs and INR 1,50,000 (Norland Nannies are higher) and upwards for nannies. While there are players in market who claim to offer them at a lower price, the risk involved are too high for an organisation like Indulge. **Hence we do not work on budgets lower than these at the moment.**
